Randy,

Do you have time to write up a 1 pager on the Haystack 1? If not, I'll pull something together from the site screen and field work write up you did.

Hi Clancy -

Thank you very much! The 13th works well for me too. My remarks are scheduled for Tuesday. I'm really interested in seeing the mines, learning about their individual circumstances, understanding how we're addressing or plan to address them along with the many others and continuing to discuss the overall approach.

As you confirm plans just let me know the who, what and how as far as the logistics go.

I really appreciate your efforts in arranging the visits. I'm looking forward to it.

Best, Robin

Hi Robin. After our conversation yesterday I checked in with a few folks here and with Region 6. It would work out very well for us to provide a tour of uranium mines on the Navajo Reservation and possibly Laguna Pueblo (near Grants off I-40) when you are in Albuquerque in August. August 13 would be ideal for us so we are hoping that could work with your August 12-14 trip. Let us know if you are interested and we would be happy to arrange the tour. We could get you out there and back in one day.
